

KOREA·ISRAEL INDUSTRIAL R&D FOUNDATION

Robotics Webinar – Entity Information

- Entity Full Name:

Agricultural, Biological & Cognitive ABC Robotics, Ben-Gurion University of the Negev

- Website:

www.bgu.ac.il/abc-robotics

- Sector/Segment:

Agriculture/Health/Service/Assistive/Industrial

- Presenter full name:

Yael Edan

- Presenter title:

Professor, Director ABC Robotics Initiative, BGU

- Presenter e-mail:

abc-robotics@bgu.ac.il

- Entity short description (up to 100 Words)

www.bgu.ac.il/abc-robotics

- Technology description (up to 150 Words)

ABC Robotics Initiative focuses on innovative multidisciplinary robotics research advancing theoretical foundations, practical applications and innovative designs. Deals with different application areas (ground/underwater/ground and aerial, agriculture, service, assistive, industrial) covering all robotic aspects (sensing, planning, control, design, human-robot collaboration, multi-robots).

- Type of collaboration your entity is looking for (up to 150 words)

KOREA·ISRAEL INDUSTRIAL R&D FOUNDATION

Joint R&D in any area of Agricultural, Biological a& Cognitive Robotics
